Rittal – JB and WM Specification Guide

JB and WM Industrial Wallmount Enclosures and Accessories

Why Choose Rittal?

Rittal understands the challenges faced every day by our customers as they strive to find solutions to their unique application requirements that aren't just effective, but cost-effective as well. That's why we engineer our wallmount and junction box enclosures to be the best available in the world today in form, function and value for the money. Design features like foamed-in-place gasketing and knife-edge perimeters are examples of the attention to detail inspired by real-world applications that help our customers realize their goals for success.

Rittal wallmount and junction box enclosures provide the protection, flexibility and value that translate to reliable and lasting solutions for today's intensive "return on investment" business mentality. Rittal's WM and JB enclosures are focused on meeting the needs of the North American market—readily available in all of the most popular sizes, protection categories and configurations used by our customers. Combined with a full range of accessories, Rittal's wallmount and junction box enclosures can be tailored to customer specifications to create truly customized solutions.

Constructed to fulfill the premium standards that have made us a worldwide leader, Rittal's enclosures are proof positive that through intelligent engineering and manufacturing processes, it is possible to create quality solutions that are also highly affordable.

The Rittal Corporation is the U.S. subsidiary of Rittal GmbH & Co. KG and manufactures the world's leading industrial and IT enclosures, racks and accessories, including climate control and power management systems for industrial, data center, outdoor and hybrid applications. For more information about Rittal and its products, please visit www.rittal-corp.com or call 1-800-477-4000.

JB Junction Box Enclosure

WM Wallmount Enclosure

A Better Box—Rittal Wallmount Enclosures

Multi-fold unibody construction

- Improved enclosure stability with fewer welds

Durable protective finish (carbon steel enclosures)

- Industry exclusive Electrophoretic dip-coat primer
- Powder-coated surface for added protection

Flange-trough collar opening

- Channels liquids and dust away from enclosure gasket and enclosure interior

Seamless foamed-in-place gasket

- Provides secure seal against contaminants

Pre-punched holes in enclosure body for easily reversing door hinging

- Flexibility to rotate door quickly and easily

Integrated mounting blocks (carbon steel) or pem studs (stainless steel)

- Quick installation of dead front kits and other accessories

Quarter-turn cam lock system with interchangeable inserts

- Secure, adaptable enclosure latching

Mounting holes (carbon steel) and blind riv-nuts (stainless steel)

- External mounting brackets also available

Zinc-plated mounting panel included standard (WM enclosures)

- Cost savings when compared to other manufacturers
- Instant grounding without scraping paint saves time and money

WM enclosures use quick-release hidden 130° door hinges

- Easy door removal—labor savings when cutting holes in door

JB enclosures include 180° door hinges standard

- Door swings completely open for easy access

Rittal Online

More than a manufacturer of superior industrial enclosure products, Rittal Corporation provides you with the tools you require to create solutions that work for today and prepare you for tomorrow.

Getting the information you need is as easy as visiting our website—www.rittal-corp.com.

JB Junction Box Enclosures

Junction Box Enclosures

Configuration:

One-piece welded cold-rolled steel body
 Left-hand hinged door
 Single quarter-turn latch with screwdriver insert
 Foamed-in-place gasket
 Wallmounting holes (carbon steel versions) and
 blind riv-nuts (stainless steel versions)

Note: Zinc-plated mounting panel sold separately

Material:

Housing and door (carbon steel):
 Dip-coat primed, powder-coated
 RAL 7035 light gray, 16ga (1.5 mm)
 Housing and door (stainless steel):
 Stainless Steel, 16ga (1.5 mm), #4 Brushed Finish

Protection Ratings:

UL/cUL Type 1, 3R, 12, 4 (4X stainless steel)
 UL File Number E170282

WM Wallmount Enclosures

Wallmount Enclosures

Configuration:

One-piece welded cold-rolled steel body
 Left-hand hinged door (the carbon steel single door configuration is reversible)
 Single door enclosures less than 20" in height have one 1/4 turn latch with screwdriver insert
 Single door enclosures 20 - 40" in height have two 1/4-turn latches with screwdriver inserts
 Single door enclosures greater than or equal to 42" in height have a 3-point latching L-handle
 Double door and disconnect enclosures have a 3-point latching L-handle
 Wallmounting holes (carbon steel versions); blind riv-nuts (stainless steel versions)
 Foamed-in-place gasket
 Zinc-plated mounting panel included
 Slope Top enclosures have a 20° sloped roof that overhangs the door

Material:

Housing and door (carbon steel):
 Dip-coat primed, powder-coated RAL 7035 light gray
 - 12"H x 12"W - 24"H x 20"W, 16ga (1.5 mm) body and door
 - 24"H x 24"W - 36"H x 24"W, 16ga (1.5 mm) body and 14ga (2.0 mm) door
 - 36"H x 30"W - 60"H x 36"W, 14ga (2.0 mm) body and door
 Housing and door (stainless steel):
 Stainless Steel, #4 Brushed Finish

Protection Ratings:

-Single door, disconnect and slope top enclosures
 UL/cUL Type 1, 3R, 12, 4 (4X stainless steel)
 -Double door enclosures
 UL/cUL Type 1, 12
 UL File Number E170282

Slope Top Design

Rittal — JB and WM Enclosures

Want to find out more about Rittal's wallmount enclosures and our complete line of industrial products? Visit www.rittal-corp.com/industrial to see how Rittal can help turn your vision into reality.

Learn More About Rittal Industrial Enclosures and Climate Control Products

Rittal offers industrial enclosures, climate control products, and related accessories — go to www.rittal-corp.com/literature to order or download these publications:

Industrial Buyer's Guide

Rittal's comprehensive overview of industrial and climate control products and accessories.

TS8 Specification Guide

Includes all standard TS8 types and sizes with common accessories—sidewalls, plinths and mounting panels.

Precision Modifications to Suit Your Needs

Because Rittal produces the most flexible standard lineup of modular freestanding, wallmount and junction box enclosures and accessories available in the world today, there is an excellent chance you may find what you're looking for right off the shelf—in a wide variety of construction materials and protection ratings. If you decide that a more customized product is right for you, you can choose to modify any of our standard products or start from scratch with a newly designed, comprehensive solution.

Rittal's Focus Factory is an independent production and assembly operation located in our Urbana, Ohio facility that is dedicated solely to creating customer-specific products. Assembly and integration of Rittal parts into custom solutions can be completed and shipped in as little as 4 weeks. Quote-to-order, custom-engineered products including those with cutouts and special paint colors or finishes are evaluated on a case-by-case basis and we will be happy to provide you with an estimated production time for your specific situation.
