

QuickSleeve Handheld Sleeve Applicator

As easy as pick, slip and apply!

This intuitive multi-tool is designed to help you quickly apply sleeves on wires. QuickSleeve includes specially designed slanted tubes sized for common sleeve sizes that allow for quick sleeve application in three simple steps — just pick, slip and apply.

▶ With this intuitive tool you can:

- Save time and money with increased application output in this streamlined application process
- Complete label application and wire termination with the four slanted tubes and terminal block sized screwdriver
- Use it in low-lit conditions with built-in LED flashlight
- Stay cramp-free with the ergonomic design
