

Rittal - Modifications & Services

Increasing Value, Reducing Costs!

Modifications & Services - We're Here for You!

Customized Enclosures, Delivered Fast!

Modifications:

With our CNC machine, Rittal now has the capability to do custom cut-outs in-house. Modifications can be done on; flat parts, Unibody enclosures (cut-outs in the top, sides of AE, WM, KL, EB, JB, etc.) and drilling and tapping of flat copper busbar or mounting panels. **Rittal strives to get every modification request turned around in 5 business days or less.**

Assembly:

Full assembly of your Rittal solution. We integrate all Rittal components saving you time and money!

Design Support:

Our internal application design team can work with you to customize your solution and provide CAD drawings and a detailed bill of materials of your completed design.

Climate Control Service:

Maintenance contracts, extended warranties and repair of Rittal Climate Control devices.

Other Services:

- * Painting
- * Window installation
- * 2D and 3D CAD files
- * Fabrication of special solutions
